Association of Asia
& Australasia

11TH MALAYSIAN ROAD CONFERENCE & EXHIBITION 2022

"TOWARDS RESILIENT ROAD INFRASTRUCTURE"

11 - 13 October 2022 | World Trade Centre, Kuala Lumpur, Malaysia

About The Conference

The biennial Malaysian Road Conference (MRC) held since 1994 has emerged as the premier national and regional platform for presenting research findings, discussing and exchanging ideas on cutting-edge technologies relating to the development, construction, management and maintenance of roads, highways and related infrastructure. The MRC is a much sought after event for those involved in the finance, design, construction, management and maintenance of road infrastructure projects.

The Malaysian Road Conference and Exhibition 2022, currently eleventh in its series, which will be held from 11 to 13 October 2022 is jointly organised by the Ministry of Works, Malaysia, Public Works Department of Malaysia, Malaysian Highway Authority and the Road Engineering Association of Malaysia in collaboration with the Construction Industry Development Board, Malaysia, Malaysian Institute of Road Safety Research and International Road Federation Global.

More than 30 local and international papers will be presented and discussed at the technical and workshop sessions with one special lecture by an international expert each day. Senior managers and leading practitioners in road engineering from corporate sector organisations including officials from the government will present up to date, highly relevant and practical information on the increasingly complex road environment. The technical programme, which will include the PIARC International Seminar papers, is very flexible with a choice of speaking streams or workshops on each day. Delegates may freely swap between both streams.

Exhibition

In conjunction with the conference schedule from 11–13 October 2022, an exhibition will be held outside the conference venue offering an exciting and mutually beneficial opportunity to all companies in the road and transportation sector both foreign and local. This is a grand chance to introduce and exhibit your companies' state of the art products and services. There are **115** booths available for booking.

Exhibitor Entitlements

- One (1) free conference / congress registration for each booth taken.
- Exhibitor profile not exceeding 100 words will prominently appear in the Exhibitor Show Directory
